

When it has to be
ARCHITECTURAL,
it has to be Krueger.

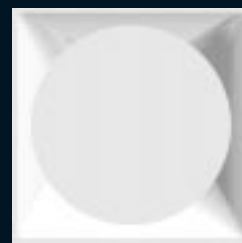

Krueger's PLQ-R Diffuser offers an *innovative* perspective for your architectural requirements.

In today's office environment, architects are always searching for new ways to create aesthetically pleasing designs to break up traditional ceiling concepts. Adding to our highly popular architectural line of products, the PLQ-R Diffuser combines form and function.

- 1 Single-piece round faceplate provides new clean architectural appearance
- 2 Radial horizontal air pattern allows for thorough room turn over and entrainment
- 3 Removable round face for easy access to neck mounted dampers
- 4 Excellent throw pattern characteristics at high and low velocities — great for VAV turn down
- 5 24" x 24" panel with 20" diameter round plaque face
- 6 12" x 12" panel with 10" diameter round plaque face
- 7 Variety of available neck sizes, paint options and frame styles

PLQ-R 24" x 24"

PLQ-R 12" x 12"
