CROSS SECTION

PERF DETAIL

SCORING OF THE BACK PAN IDENTIFIES ROUND DUCT SIZES FROM 6" (152) TO 16" (406) TO FACILITATE FIELD CUTTING

TYPICAL TOP VIEW
 SCORING DETAIL

NOTES :

1. Series 6304F23 and 6390F23 was designed for 'T' bar ceilings. Molded fiberglass plenum and vapor barrier eliminates the need to add insulation and reduces the possibility of condensation. The plenum is pre-scored for easy cutting on site as required.
2. Perforated face and pattern deflectors are steel construction.
3. Finish is 03 British White perf with Black deflectors and interior.

DIMENSIONS ARE SHOWN AS
 INCHES (MM)
