

SHF, 5SHF | Flush Face, Replacement Core

LOUVERED FACE DIFFUSERS

SHF (Frame Only)

Introduction: SHF, 5SHF

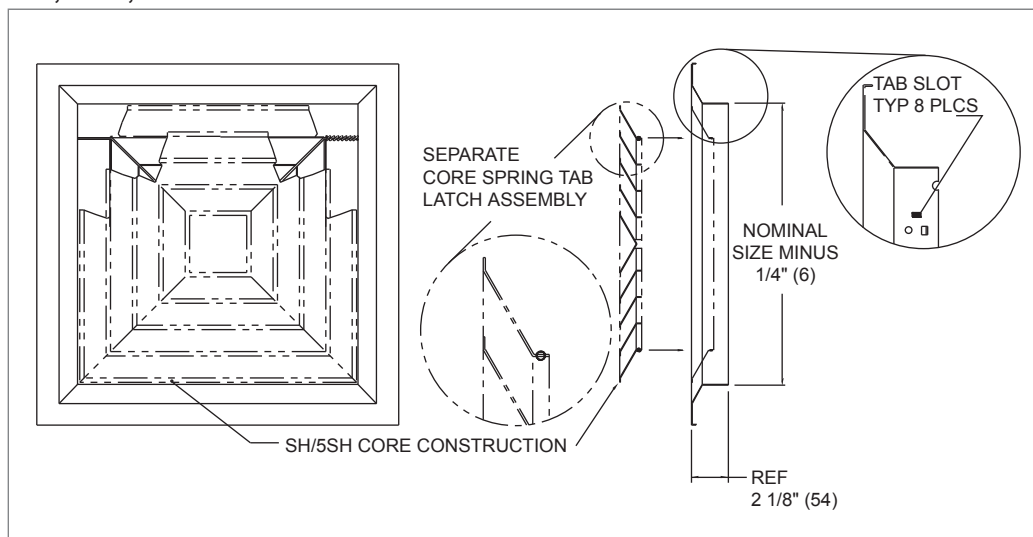

The SHF/5SHF series square or rectangular frames are available as replacements on the SH/5SH and SHR/5SHR series diffusers. These are ideal for tenant retrofits where damage has occurred due to a change in diffuser locations or for situations in which there have been last minute field changes in ceiling design. Instead of replacing the entire diffuser, the frame can be replaced without the need of replacing the core.

MODELS

- SHF - Steel, Frame Only
- 5SHF - Aluminum, Frame Only

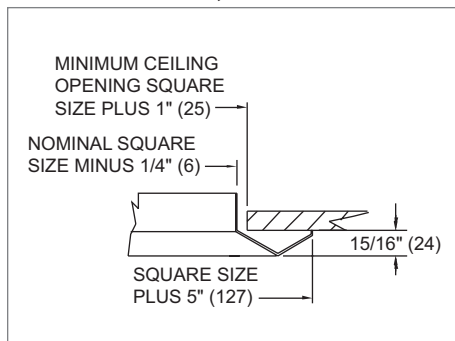

SHF, 5SHF Dimensional Information

SHF, 5SHF, FACE VIEW

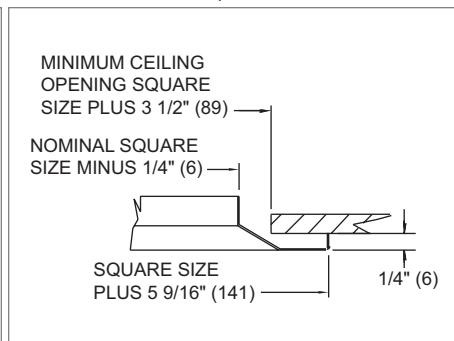

SHF, 5SHF Frame Styles

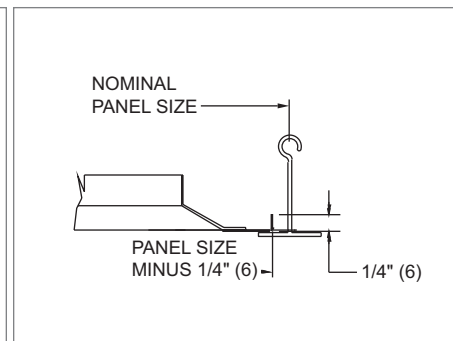

SHF, 5SHF, FRAME 21, SURFACE MOUNT, BEVELED
